Kalos Blocks has launched the "China Traditional Civilian Dwellings" in partnership with Kahen Culture, famous for its in-depth exploration of traditional Chinese culture. It is one of the finest compositions to express the unique features of the "China Traditional Civilian Dwellings" and the various ethnic cultures.

Kalos Blocks accurately shows key features of civilian residences in various ethnic groups and capture the essence of ethnic traits, based on an architectural blueprint of actual ethnic homes. With the assistance of the Kahen Culture team, Kalos Blocks helps create compositions of the most representative traditional homes in various ethnic groups. Matching and interlocking Floral-Art Blocks in different combinations provide a novel way to capture and convey the key characteristics of traditional civilian dwellings in China and various ethnic cultures, in all their richness and diversity. Imbued with distinctive aesthetic value and styles, Kalos Blocks enables players to experience the beauty of traditional Chinese culture, through the process of blocks combination or display.

CHINESE TRADITIONAL HOUSES

中华传统民居 — 藏族民居

藏族主要聚居在青藏高原地区, 主要分布在西藏自治区以及青海、甘肃、四川、云南等省。

最具代表性的传统民居是碉房。碉房多为石木结构, 外墙向上收缩, 依山而建筑。碉房一般为两层结构, 上层是人的起居场所, 底层是牲畜和储藏空间。

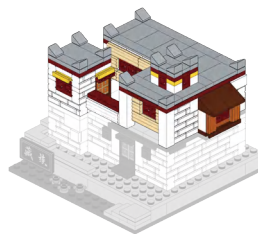

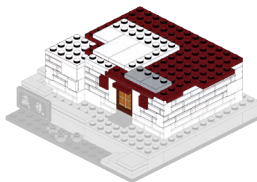

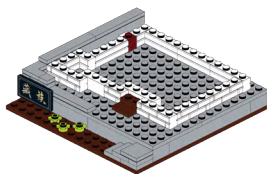

The Tibetans primarily inhabit the Qinghai-Tibet Plateau, where they are scattered across Tibet Autonomous Region as well as Qinghai, Gansu and Yunnan provinces.

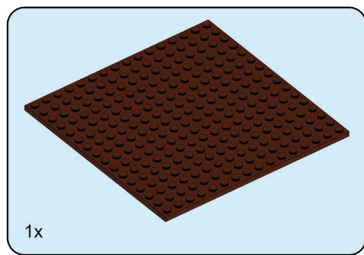

Most representative of the traditional Tibetan dwellings is the Diaofang, most of which are stone and wood structures with external walls that taper upwards and built around mountains. Diaofang are normally two-storey structures. The upper level is reserved for humans, while domestic animals and storage space are relegated to the space below.
